November 2, 2023

In the latest edition of Best Law Firms, **Best Lawyers** has recognized the firm as National Tier 1 for White Collar Defense. We are thankful to have been reviewed by very supportive clients as follows:

- "The Brune Law team helped me avoid getting involved with a DOJ criminal trial. I have no experience in such matters and was scared to death. Susan took me on as a client, became my advocate, and eventually my friend. The team is highly competent and truly understands the motivations of players in such a case. I could not recommend the Brune Law team more highly."
- "Susan, Erin and the rest of the team at Brune Law are top-notch lawyers. They are extremely responsive and always innovative in their approach. It was truly a pleasure to work with them. I believe Brune Law must be at the top with regard to effectiveness, intellect and ability."
- "Susan Brune is excellent. Her trial judgment and courtroom expertise - especially in SDNY - are unmatched. She gives straight, no nonsense advice and counsels on achieving the best outcome given the litigation dynamics. Highly recommend."
- "Brune Law provides savvy, reliable and winning legal advice in a high-touch way that makes Susan a must hire in cannot lose situations."
